Tent Rules

Electric Heaters are not allowed in tents and no combustible materials including straw, hay or shavings can be used in displays. This is a Fire Code requirement set forth by the Suffolk Fire Marshall.

Electrical Policy

Notice is hereby provided to all vendors that the electrical pedestal or plug from which you obtain power at the festival site shall remain exactly as you find it upon set up.

If there are any electrical connections to be made other than an extension cord, you must contact the festival office who will report your requirements to the electrical coordinator. If any alterations are found during the festival or following the event, the vendor will be responsible for the cost to replace or repair the original equipment.

If there is more than one vendor per pedestal, both vendors will be held responsible for alterations in the electrical equipment and be charged for damages incurred, unless the responsible party steps forward.

This policy insures the safety of our vendors, operators and festival visitors, and we require complete cooperation.
